AEROSPACE & INDUSTRIAL

Our cloth is certifiable to the following: 100% silicone-free, biodegradable, incinerable, and contains no ozone-depleting agents. Our cloth is strong enough to clean engine cowlings, gentle and versatile enough to clean integral fuel cells and delicate machine components, soft enough for cleaning cabin windows and bubbles of helicopters and airplanes, and absorbent enough to meet the most discriminating standards. All fabrics are made in the USA of 100% domestic cotton.

RYMPLECLOTH®

This purified wiping cloth is a 100% cotton woven fabric with a unique crimped finish and firmly twisted yarns that provides more surface area for collecting and trapping dirt particles. Rymplecloth® is one of the most durable and absorbent products available for cleaning and polishing.

- Meets and exceeds AMS 3819B Standards
- Meets and exceeds BMS 15-5F Standards
- Compatible with all cleaning solvents
- No contamination from chemicals as found in non-woven wipers
- No contamination from foreign matter as found in rags
- Packed 12 rolls per case in either continuous rolls or economy cut rolls (100 or 150 pieces each roll)

RYMPLECLOTH®

PUREWIPE® AND ECONOMY CHEESECLOTH

Cheesecloth products are available in different grades and put-ups for a variety of specialized applications. Made in the USA from 100% woven cotton, our cheesecloth is very soft and absorbent. The openness of the weave assures the user that the wiping cloth will not displace the contaminants on the surface, but will clean the surface and make it ready for bonding, painting or polishing.

Handifold

- Different grades & constructions available

BLEACHED GAUZE

A woven fabric that is processed through additional finishing operations, including scouring, bleaching, and precision slitting. Bleached gauze is available in many widths, roll lengths and constructions that may be converted to meet customer specifications. Our cloth is not only soft and absorbent, but it is also highly durable and free from contaminants. Applications for woven gauze include finger bandages, tack cloths, filtration, straining and other applications where 100% woven cotton cloths are needed.

AEROTEX™

This bleached crimped wiping cloth is manufactured from 100% USA cotton. Its unique finish is ideal for use whenever a wiping or polishing cloth is needed.

- Sold by the case (12 rolls per case)
- 100 piece per roll
- 10" piece width
- Available Weights: 1.4 lb./roll, 1.5 lb./roll, 1.6 lb./roll, 1.7 lb./roll, 1.8 lb./roll, 1.9 lb./roll

PUREWIPE® SPONGES/PADS

These 4" x 4" sponges are made in the USA from 100% domestic cotton woven gauze.

- Meets and exceeds US Pharmacopoeia for purity
- Meets and exceeds AMS 3819B Standards
- Meets and exceeds BMS 15-5F Standards
- Compatible with all disinfectants, cleaning fluids, and solvents
- Excellent durability for all wiping needs
- Made in the USA insures no sterility-resistant organisms as may be found in imported gauze

These sponges come in two weights designed to meet your wiping needs.

- Sponges packaged in convenient paper bags
- Medium weight sponges, 200/bag, 20 bags/case
- Heavy weight sponges, 120/bag, 20 bags/case
