NU GEAR
Double
Concentrate

Grease & Oil Cutter
Heavy Duty Cleaner
Power Wash or
Hand Cleaning

Nuvite NuGear Double Concentrate is a heavy-duty exterior cleaning compound for aircraft, trucks, stationary powerplants and other industrial applications. It has been specifically developed for spray wetwash applications, with superior wetting, penetration and dispersion of stubborn oil, grease & tough soil conditions commonly found on aircraft and diesel vehicles. NuGear Double Concentrate adds cleaning power over normal wet wash cleaners, and by varying the dilution, is also very versatile. It can even be used as a hand wipedown fluid for surfaces with oil, hydraulic fluid, and other petroleum-based soil such as found on the belly of an aircraft or truck trailers.

Nuvite's new NuGear Double Concentrate joins the full line of wet wash and degreasing products available for easy and effective appearance upkeep.

NU GEAR
Double Concentrate

- Exceptional Oil & Grease Cleaning Power
- Special Selection of Surfactants, Wetting and Emulsifying Agents
- Economical Heavy Duty Cleaning
- Extremely Versatile
- Safe to All Aircraft Components
- Contains No Alkaline Salts
- Contains No Phosphates and is Completely Biodegradable
- Easy Rinsing and Not Affected By Hard Water

NuGear
Double
Concentrate

Grease & Oil Cutter
Heavy Duty Cleaner
Power Wash or
Hand Cleaning

Specifications:

Appearance:	-yellow, free-flowing liquid
Flash Point	-none
Odor:	-mild
pH (concentrate)	-12.2-12.4 @ 25 degrees C
Solubility:	-infinite in water
Specific Gravity:	-1.04 @ 25 degrees C

Availability:

1 & 5 Gallon or 15, 20, 30 and 55 Gallon Drums

Effect on Aircraft Materials:

Nuvite NuGear Double Concentrate conforms to the requirements of

- Douglas CSD #1
- Boeing D6-17487

for safety to bare and clad 2024, 7075, 2524 aluminum, cadmium plated steel, mild steel, high-strength steel, Plexiglas, and paint.

Health and Safety:

Nuvite NuGear Double Concentrate does not contain toxic or extremely hazardous ingredients, and is not environmentally restricted. Contains petroleum distillates. Users should wear gloves and goggles along with other standard safety procedures. Refer to NuGear Double Concentrate Material Safety Data Sheet for further information.

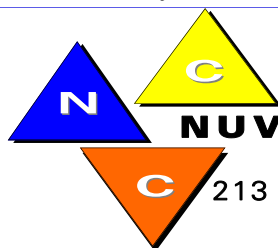

Directions For Use:

NuGear Double Concentrate is recommended for the periodic cleaning of exterior surfaces in dilutions determined by the extent, condition and type of soil to be removed.

For Normal Cleaning – Wet Wash: Dilute 6-10:1 with water, depending upon soil conditions and cleaning frequency. Apply to surfaces by spray, mop or foam application. Agitate to loosen soil and rinse with water. **Hand Wipedown:** Dilute 10-20:1, use trigger spray bottle and spray area within reach. Agitate with terry towel sprayed with the same solution. Wipe clean with dry terry towel.

For Heavy-Duty Cleaning/Gear, Wheel Wells, Flaps, Cowlings: Use as-is concentrate or a 2:1 dilution depending upon soil conditions. Allow to soak 15-20 minutes. Agitate with mop or brush. Do not allow soaked area to completely dry. Rinse with water. Contact Nuvite representatives for further information and assistance.

When using Nuvite materials, please refer to the appropriate procedures and recommendations for use and equipment, or consult with your Nuvite representatives.
