

Amberclens 400ml Anti-static Foaming Cleaner

Technical Datasheet

Product Description

Ambersil Amberclens Foam Cleaner is an extraordinary anti-static foaming cleaner formulated with a unique blend of surfactants, solvents, inhibitors, and water. This distinctive combination ensures its exceptional cleaning performance while also delivering anti-static properties. It is a highly versatile product, useful in various applications, including business machines, office equipment, domestic appliances, worktops, walls, machinery, plant and equipment, cabinets, casings, formica, vinyl, and leatherette upholstery. Its effectiveness makes it ideal for tackling stubborn or deeply ingrained dirt on any hard surface. Moreover, it proves invaluable in situations where water availability is limited.

Removes light oils, finger marks, and general grime, safe for use on plastics, metals, painted and glazed surfaces, glass, plexiglas. Streak-free, Residue Free Water-based formula, Ultra-low odor, Convenience of an Aerosol.

APPLICATIONS Ideal for cleaning stubborn or ingrained dirt from all hard surfaces, even tough 'industrial' grime and residues. Invaluable where water is not readily available. Suitable for use on business machines and office equipment, domestic appliances, worktops, walls, machinery, plant and equipment, cabinets, casings, formica, and vinyl.* Apply from a distance of 6? – 9? (15 – 25 cm). Leave for 10 – 20 seconds and wipe away with a clean, damp cloth. Always test a small, inconspicuous area for colour fastness before general use.
