Extension Applicator Pole
Technical Datasheet

Product Description

1.4m to 2.4m Extension Pole

Fibreglass construction with lightweight aluminium inner tube for strength and durability. Compatible with screw fit and push fit roller frames.

Commodity Code: 96039000

SKU: FA-80042

Product Description
This aluminium & fibreglass extension pole reaches from 1400-2400mm and has the non-twist POZLOCK® positive locking system to hold extended length in place securely. Compatible with both screw-fit and taper-fit roller frames and other accessories. Reach high walls and ceilings more easily when painting.

The aluminium & fibreglass construction means durability and strength, but lightweight and easy to hold
POZLOCK® positive locking system to hold length in place
For use with both screw-fit and taper-fit roller frames and other accessories
Multi-position locking between 1400-2400mm
Great for internal / external walls & ceilings
