

August 31, 2022

To Whom It May Concern:

This letter confirms that the specific Nuvite Chemical Corporation polishes, such as F9, F7, G6, C and S, referenced in Gulfstream Aerospace Material Process Specification (GAMPS) 4001 are all products that make up the NUSHINE II polish system. All products listed above may be used on all Gulfstream aircraft models as required.

Sincerely yours,

Pete Sanstead
